CAREER OBJECTIVE: I'm an AIML student, driven by a strong passion for Artificial Intelligence and Machine Learning. I'm excited about the prospect of joining a research or development team. My goal is to bring my academic foundation, coding skills, and innate curiosity to the table. I'm eager to contribute fresh ideas, practical technical skills, and unwavering dedication to advancing AIML.

ACADEMIC PROFILE:

Sl. No.	COURSE	University/Board	Duration of Study	Percent/CGPA
1.	B. TECH(AIML)	VFSTR University, Vadlamudi	2021 – 2025	7.3
2.	Intermediate MPC	Sri Chaitanya junior college	2019-2021	850(marks)
3.	SSC	NRI Indian springs	2018-2019	8.5

SOFTWARE SKILLS:

- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)
- Programming Languages: Python, Java, C
- Data Analysis and Visualization: Tableau, Pandas, Matplotlib, Seaborn, NumPy
- Version Control: Git, GitHub

CERTIFICATIONS:

- Certified in “Preliminary English test (A1) “at VFSTR University conducted by Cambridge University in 2022
- Certified in "Business English Certificate Vantage. (B1)" at VFSTR University conducted by Cambridge University in 2023
- Successfully completed the NPTEL Management Science course conducted by the Indian Institutes of Technology (IITs) and Indian Institute of Science (IISc) with a score of 89%.
- Earned certifications in Python, Java, and Problem Solving from HackerRank, a leading platform for competitive programming challenges.

CO-CURRICULAR ACTIVITIES:

- Participated in a cybersecurity awareness seminar at Vignan University, gaining insights into current trends and practices in cybersecurity.
- Attended a workshop on Tableau organized by Vignan University, enhancing data visualization and analysis skills.
- Engaged in the technical feast "Srujanankura" hosted by Vignan University, where a diverse range of engineering projects were showcased, fostering exposure to various fields of engineering.
- Attended a seminar with Zoho Company, where they provided valuable insights into their platform, expanding understanding of contemporary technological solutions.

PROJECTS:

1. **Project Title:** Occluded Facial Expression Recognition using CNN
 - **Duration:** 1 Semester
 - **Guide:** GHI
 - **Abstract:** Implemented a Convolutional Neural Network (CNN) model capable of recognizing facial expressions even in cases of partial obstruction.
2. **Project Title:** Music Recommender System using scikit-learn
 - **Duration:** 1 Month
 - **Guide:** GHI
 - **Abstract:** Designed a music recommendation engine utilizing scikit-learn's machine learning capabilities. Explored collaborative filtering techniques to suggest personalized music choices, enhancing user experience and engagement.

EXTRA – CURRICULAR ACTIVITIES:

- Active participant in university cricket events, representing the institution in various competitions and enhancing teamwork and sportsmanship skills.
- Engaged in National Service Scheme (NSS) activities within the university, contributing to community service initiatives and fostering a sense of social responsibility.
